xSuite Web Cube

Depending on the used web browser, display can vary. HTML5, AJAX, jQuery, CSS3, and JavaScript must be supported by the web browser and activated as well.

To use xSuite Web Cube, Unicode support in the SAP system must be activated.

The recommended screen resolution for xSuite Web Cube is Full HD (1920 x 1080) or higher.

Component	Supported versions
Microsoft Edge	85.0.X or higher
Mozilla Firefox	46 or higher
Google Chrome	46 or higher

It is not possible to explicitly release web browser versions for xSuite Web Cube because of the fast development cycles of web browser developers. During quality assurance, the currently available web browser version is tested. Later versions or patches can restrict functions or influence the display in xSuite Web Cube and xSuite Mobile Cube.

Also check the SAP Open UI5 requirements.
